Professional Practice

Registered Architect: Missouri, 2016 to present

Senior Design Partner and Vice President. Hollis + Miller Architects. 2009 to present
Kansas City, Missouri and Castle Rock, Colorado

Hollis + Miller is an integrated design firm with services including master planning, architecture, interiors, environmental graphics, and structural engineering focused on learning environments. During 14-year tenure, the Firm has grown from 38 people to over 110 staff members and an additional Colorado location.

Design responsibilities include:

- Spearheading the Firm's design efforts by the **development of a collaborative research-based design process** intended to guide educational clients through the architectural process.
- Spearhead the Firm's **interdisciplinary and integrated design** philosophy, including the blurring of lines between disciplines (architecture, interiors, environmental graphics, and structural engineering) to maximize personal and institutional knowledge to create innovative and tailored solutions.
- **Lead architectural design research**, including integration of technology in design and communication, sustainable practices, and in-depth programming practices.
- **Lead and grow the Design Director Group** to support and develop staff design skills and provide design feedback to project teams. The group includes Design Directors, Creative Director (environmental graphics), and Educational Design Director.

Educational responsibilities include:

- **Develop and lead Emerging Professionals program.** Build and curate authentic industry educational experiences for college learners. Program features include:
 - **Learnscape Outdoor Learning Environment**
 - **Near-Peer Exchange Mentoring Program**
 - **Research + Firm-wide Professional Presentation**
 - **Emerging Professionals Round Table Seminar** (*weekly*)
 - **Near-Peer High School Design Studio Facilitation**
 - **Portfolio Review**
 - **Draw Your Future Workshop**
- **Develop and manage** relationships with regional universities for recruiting and research opportunities.
- **Develop and manage** "near-peer" studio experiences between college and high school learners.

Northland Center for Advanced Professional Studies. North Kansas City, Missouri 2020 to present

Olathe East Design Academy. Olathe Public Schools USD 233, Olathe, Kansas

- **Lead continuing cultural staff development** to produce co-created innovative solutions with clients and consultant.
- **Develop and maintain** “Internal Connect,” online resources center for **on-demand learning** by staff.

Cultural responsibilities include:

- **Lead philanthropic Learnscope** outdoor learning environment process and development. Guide Emerging Professionals as they navigate and execute the design process with clients.
- **Developed “Exchange” Mentoring Program** between Associates and Staff to encourage connection between staff and leadership.
- Developed various “AMP Initiatives” (Autonomy, Mastery, Purpose) as mechanisms to **build culture and empower staff growth and development.**

Learnscope Outdoor Learning Environment

Learnscope is a philanthropic development and construction of an outdoor learning space originally developed as a space for experimentation and innovation. The process has evolved to a project led by our Emerging Professionals, allowing them to bring innovation and fresh perspectives to our processes and designs.

Helped develop the original concept. Evolved the concept as an **authentic and relevant learning experience** for the Emerging Professionals Program, providing a complete industry experience from programming through completion of construction.

DesignU

DesignU is a grass-roots professional development program where staff members share their experience, knowledge, and insights to make us all better. Grow the Individual, Grow the Firm.

Helped **develop, manage, and execute an internal professional development program**, including finding speakers, planning events (originally staged twice a month) as well as speaking and leading presentations.

Innovation Sabbatical

A program taking the recipient off of all projects for a period of three months as a deep dive into innovative opportunities at an industry scale.

Developed the original concept and design of the Sabbatical. Served as Sabbatical Advisor **directing each recipient to tailor their research, effort, and resources.**

Innovation Day

A day set aside for staff to chase their own ideas of how to innovate our processes, tools, and perspective.

Developed and facilitated the annual event, including educational presentations on innovation and design process. Led committee to plan and execute the event.

Executive responsibilities include:

- **Board of Directors** membership focused on **strategic short-term and long term direction** of the overall Firm.
- Development and participation in role and **strategic leadership promotion** processes.
- **Application and analysis of financial data** for projections and planning, including utilizations, role responsibilities, and resource planning.
- **Researching, investigating, and testing technology-based innovations** across the Firm's various functions, specifically, with regards to communication and design.

Selected Projects:
