BOWMAN DESIGN FORUM | Wednesday | December 7 | 1:30 p.m. | Purple Masque Theatre

(note different location than in previous years | Purple Masque is located in West Stadium)

Sponsored by BBN Architects Inc., Manhattan, and hosted by APDesign, the forum brings acclaimed architects to campus to discuss work by students in the architecture department. The forum is an opportunity for students to present their work to the architecture practitioners and educators for critiques. One student from each of the department's third-year studio sections will be selected to present his or her design. This year's project is *Fire and Flint - A Fire Station for the City of Wamego*.

MANKO DESIGN COMPETITION | Friday | December 9 | 1:30 p.m. | Little Theatre

The MANKO Student Design Competition recognizes a defining strength of APDesign's students to synthesize the worlds of technical imperatives and thoughtful place making. The competition first celebrates the work of the ADSV studios through the final reviews where all of the projects will be shared with the ADS community. From that pool of work, one project from each ADSV studio is subsequently selected to present to a distinguished panel of architects who serve as the jury panel who select a competition winner from among the finalists.
