

A peek into Regnier Forum. Looking to the east, the structural steel has been installed. In a short time, this space will be transformed to the college's premier lecture space ready for incredible guest lectures, panels, etc. [Click on the photo to read about the current progress on the new building:](#) Photo by Lisa Shubert

4:30 p.m. - Lecture, Purple Masque Theatre

PAUL MARKINS
FMA, LEED AP
Founding Partner, substance architecture

Paul Markins, FMA, LEED AP is a founding Partner of substance architecture in Des Moines, Iowa, and is widely regarded as one of the leading design practitioners in the Midwest. During the last three decades, he has directed the design of significant corporate, residential, civic, and higher education facilities recognized with over 100 design awards - including more than 50 awards from the American Institute of Architects (AIA). These projects include the Principal Riverwalk Pavilion and Pump Station along the Des Moines River, the renovation of Eric Sposon's Owen E. Scott Chapel of Drake University and Des Moines' New Central Library with David Chipperfield Architects of London. In addition, he taught architectural design at Iowa State University (ISU) from 1998 to 2013, and is a frequent academic and professional design awards juror nationwide.

In recognition of his contributions to the profession, Paul received the Design Achievement Award from ISU in 1998, the Young Architects Award from the AIA in 2003, and in 2004 he was elected to the AIA's College of Fellows. In 2011, Paul was named a Richard Lippitt Fellow of the AIA for his efforts leading the Institute, and in 2013 he received AIA Iowa's Medal of Honor - the highest honor the chapter can bestow on a member.

As a complement to his architectural work, Paul has served as Chair of the Greater Des Moines Public Art Foundation and as a member of the Board of Regents for the American Architectural Foundation in Washington, D.C. He holds degrees from Iowa State University (BA 1983) and Yale University (Mach 1991), and is the recipient of a research grant from the Graham Foundation for Advanced Studies in the Visual Arts.

TODD GARNER
FA, LEED AP
Principal, substance architecture

Todd Garner has over 25 years of experience leading the design team efforts on projects of varying scales and complexity. His deep understanding of the construction process informs his approach to design and has allowed him to lead significant projects for Wells Fargo Financial, DAKT, Brownells, ING Insurance, Borg-Nixon Transportation, as well as other private and public sector works throughout Central Iowa. In addition, Todd has designed a number of award-winning renovation projects including offices for ZIA Advertising and a retail space for Avon. Educated at Kansas State University, he returned to Des Moines in 1997 to start his professional career with Harriet Lewis Kravis Brunk, Architecture where he was named Principal in 2002. In 2009 he and his Partners formed substance architecture. Todd recently led the design team for the record-winning Corporate Campus Expansion, a 350,000 square foot, four-story office building, a 50,000 square foot, two-story administrative center and a 1,400 vehicle parking structure.

The annual Bowman Design Forum was introduced by Kansas State alumnus Brett Bowman to engage first-year architecture students in the field's top professionals. Participants compete through submission of creative design for scholarships and interact with nationally recognized architects. Past jurors include: Stan Becky, Greg Mucken, Peter Bobbin, Cal Lewis, Kent Hovener, Barry Trapp, Julie Elmberg, James Galter, Bruce Anderson, Timothy Haskins, C. Robert Schmidt, Mitchell Hall, Matthew Dickson, Andre Fregues, Thomas Rucker, Jon Serrano, John Cook, Mark Blackwell, Coleman Galter, Dennis Gussak, Greg Pagan, Kimen Murray, Len Forster, Daniel Scott, Trevor Smith, Scott Bill, Tim Buckner, Garth Brockmole, Warren Blackwell, Talva Venetoglu, Paul Broughless, Frank Baran, and Matthew Krulick.

Dean's Student Advisory Council

Applications are now available for students to apply to be a representative for their department for the Dean's Student Advisory Council! The application is open to any student in the College of Architecture, Planning and Design, and applicants should be willing to be a voice for their specific department. The time commitment is a minimum, and it is a great way to become more involved in the college, while voicing your ideas to the entire college and administration. The link to the application can be found on the APDesign website at <http://apdesign.k-state.edu/current-students/student-orgs/dsac/>. Applications close on December 5, 2016.

MOA ARCHITECTURE: SCHOLARSHIP AWARD + SUMMER INTERNSHIP PROGRAM

MOA ARCHITECTURE (MOA) would like to make you aware of a scholarship and learning experience opportunity we hope you can share with your students. We offer an annual merit based private scholarship award + paid summer internship (plus paid travel and living expense reimbursement) to students in accredited architectural programs. Total value to the students is typically in excess of \$12,000.

Competition Open to all Students: Place and Displacement: A Marketplace in Refugee Settlements

It is our intent that this Scholarship Award + Internship opportunity rewards and challenges students with practical experience in concert with the individual's educational experience, and further stimulates their passion and interest in a career in architecture. The summer of 2017 will be the 10th year of our program, and it has proven to be a rewarding experience for the students and MOA.

For summer 2017, we offer the Robert L. Outland Women and Minority Scholarship + Internship. Named in honor of our founding principal and an Oklahoma Choctaw Native American, this award was established to recognize and reward entering fifth year, or graduate level women and minority students in an accredited architectural program (who will be returning to school in Fall 2017 following the internship). This Scholarship + Internship is specifically intended for students who demonstrate their passion for architecture, high academic achievement and design ability.

We have chosen to limit opportunity on an every-other year basis (odd numbered years) specifically for those under-represented in the profession - women and minority students through the Robert L. Outland Scholarship. In alternating even numbered years (next opportunity summer 2018) we offer the Kiyoshi Murata Scholarship + Internship, which is open to all students.

Submittals are due in January 2017, so we ask that you share this opportunity for the summer of 2017 with your students during this fall term and invite them to visit our Scholarship + Internship page <http://moaarch.com/scholarship/> where they can learn more about MOA ARCHITECTURE, this opportunity and the application/submission requirements.

To help make communication of the opportunity as easy as possible, you can simply forward this e-mail to your architectural students. I am also including in this e-mail a link to an informational flyer so that you will be able to download and e-mail it to your architecture students or print and post the flyer.

<http://moaarch.com/moawp/wp-content/uploads/2016/10/2017-Scholarship-Application-flyer.pdf>

Please contact me if you have any questions or require additional information. We look forward to receiving submittals from your students.

Place and Displacement: A Marketplace in Refugee Settlements. It is a competition that challenges the innovative minds around the globe to design a marketplace to promote refugee livelihoods. The total prize package is \$30,000, and we would love to invite all students at Kansas State University to participate. Registration deadline, Dec 3, 2016.
