### Do you use the new touchscreens in the building?

Answers:

**Yes, the touchscreen carts**

Select

**Yes, the touchscreens in the crit rooms**

Select

**Yes, both**

Faculty, Staff, and Students,

Please be very mindful when moving the display carts. Several carts have been damaged due to moving them while they are still plugged in.

Also, please notice the instruction cards in the Crit rooms and on the carts. Feel free to contact [bsprague@ksu.edu](mailto:bsprague@ksu.edu) with any questions or concerns you have about the AV technology in the building. We would be glad to give tutorials on the basic usage of the screens as well as more in depth tutorials.

No, I've never wanted to use them

## The New American Garden Exhibit and Lecture

Eric Groft, Principal with OvS  
Feb 9, 2018  
Regnier Forum  
4:30 pm

A reception for student and professional members of ASLA will follow in The Ekdahl, 5:30 pm.

The Exhibit runs in the Cassias Gallery in Regnier Hall through February 16, 2018.

*The New American Garden* is part of The Cultural Landscape Foundation (TCLF) *Landslide* program that brings national attention to threatened and at-risk landscapes. Each year TCLF produces a thematic *Landslide* report – the work of Oehme, van Sweden was the theme in 2015.

The New American Garden: The Landscape Architecture of Oehme, van Sweden exhibition includes 52 contemporary and newly commissioned photographs of important residential, civic, and commercial projects. Its debut in 2015 was timed to the 25th anniversary of the influential 1990 book *Bold Romantic Gardens*, which the two business partners wrote with Susan Rademacher, former executive director of the Louisville Olmsted Parks Conservancy, Inc., and currently the parks curator at the Pittsburgh Parks Conservancy.
