LibQUAL 2018 –

On Monday, February 26, all K-State faculty, staff and students will receive an email from K-State Libraries inviting them to participate in the LibQUAL survey, a user survey that is a standard assessment tool for academic libraries.

K-State Libraries has used LibQUAL three times: 2007, 2011, and 2014; and each time useful and insightful information has been obtained through the answers, responses and comments from those completing the survey.

This is a great opportunity for you to say what you like; what you dislike; what you need or want to have; what you expect of the collections, services, and environment of your libraries.
